Ross Jon Tagiobon

Front End Developer | Technical Support Specialist (Tier 1)

Mandaue City, Cebu, Philippines | +63 970 081 9353 | rosstagw@gmail.com | linkedin.com/in/rjt26

PROFESSIONAL SUMMARY

Front End Developer with experience building responsive web and mobile applications using React, React Native, JavaScript and TypeScript. Skilled in reusable UI components, SEO optimization, analytics integration, Shopify and WordPress. Combines development work with a technical support background in troubleshooting, documentation and customer-focused problem solving.

WORK EXPERIENCE

Tech Support Agent | Feit Electric

Apas, Cebu City | June 2025 - Present

- Provided first-level technical support via high-volume inbound calls, emails, and chats diagnosing and resolving software, hardware, and connectivity issues.
- Delivered customer assistance on product and order-related concerns while meeting response time and quality standards.
- Documented customer interactions and solutions accurately while managing multiple concurrent cases.
- Collaborated with cross-functional teams and the warehouse manager to monitor inventory levels, track stock availability, and support overall store operations.

Web Developer | Kapwa Marketing

Lapu-Lapu City | October 2024 - February 2025

- Built and maintained responsive websites based on client requirements, ensuring strong performance, SEO optimization, and analytics integration.
- Managed ongoing website updates, enhancements, and content improvements, including editing and optimizing Shopify stores to improve user experience and product presentation.

Front End Developer | HSI Technologies

Cagayan de Oro City | July 2023 - May 2024

- Developed and maintained reusable UI components and front-end functionality for web and mobile applications using React and React Native.
- Created user-focused interfaces to ensure responsive design, usability, and smooth user experience across devices.
- Assisted in integrating AI-powered tools and features into web and mobile apps to enhance functionality and user interaction.
